# MOTAT LOCOMOTIVES

## (Second Edition)

**\$20**

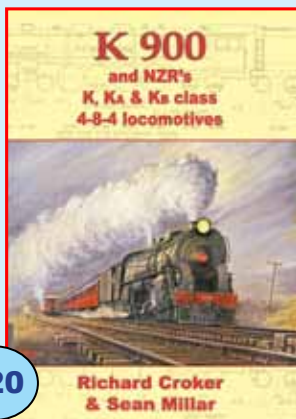

Auckland's Museum of Transport and Technology (commonly known as MOTAT) is home to a diverse collection of 20 locomotives, ranging from the 135-ton K 900, built in 1932, to a tiny petrol-engined British-built Planet dating from 1927. Many are maintained in full working order, including two which are more than 140 years old, e.g. L 507, the front locomotive in the bottom cover photo, which was built in 1877.

Each locomotive has its own one or two page chapter, illustrated by a fascinating selection of historical and contemporary photographs.

ISBN 978-1-927329-27-6. A4 format, staple bound. 40 pages, printed in colour throughout.

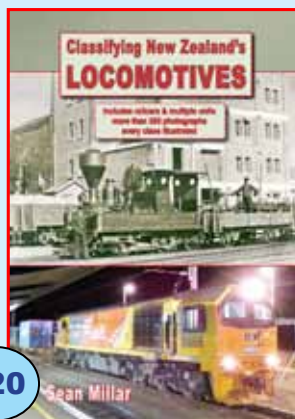

Additional information, a catalogue, leaflets and sample pages can be found on our website: [www.seanmillar.co.nz](http://www.seanmillar.co.nz)
